Agreed-Upon Procedure (A)

Procedure

Verify that District procedures for disbursement of funds related to the voter approved general obligation bonds were applied in accordance with laws and regulations, as well as approved Board policies. This will be accomplished through the inspection of specified documents evidencing certain types of transactions and detailed attributes thereof. Included, but not limited to, the specific documents related to bid procedures for contracts and services, invoices for services rendered, and other appropriate documents deemed necessary to provide a basis for the results of our review and to reach a testing threshold of at least 35 percent of all bond expenditures.

Results

We selected a total of 61 percent of all expenditures charged to the Bond Funds. For the items selected for testing, there were no exceptions noted in the District's procedures related to the disbursement of Measure C Bond Funds. The District utilizes purchase orders to document the approval process for Bond disbursements and uses encumbrance accounting to ensure all approved disbursements have been budgeted and funds are available. Documentation to support transactions included original invoices with approvals necessary to ensure compliance with Proposition 39 regulations and Board policies related to purchasing and contracts. Budgets for specific projects have been approved and monitored in accordance with Bond requirements.

Agreed-Upon Procedure (B)

Procedure

Verify compliance with expenditure allowances related to local bond funding in accordance with Board approved contracts and planning documents and Bond Initiative documents placed on the Local Election Ballot.

Results

For all expenditures selected in Agreed-Upon Procedure (A), the explanation of the expenditure was reviewed in conjunction with the actual ballot language included in the Measure C Bond Initiative placed before the voters on November 6, 2001. Allowable projects and expenditures include construction, renovation, and repair projects throughout the College campus. For the items selected, there were no exceptions noted; expenses tested related to specifically noted projects within the bond ballot initiative. Additionally, we noted the District had not charged on-going expenditures that are the responsibility of the District to the Measure C Bond Fund, nor has any administrative or indirect costs been charged to the Measure C Bond Funds. The following table notes the expenditures by category and the amount selected for testing.
